

State 4-H Congress 2012 Service Project

Delegates to the 2012 Tennessee 4-H Congress are asked to collect items for the Tennessee Valley Healthcare System (Veterans' Hospital) in Nashville. This Veterans' Hospital, one of several across the state, provides medical services and care to veterans in the Middle Tennessee area.

Items needed are:

Vacuum sealed packaged coffee (ground)

Packaged Soap, Shampoo, Toothpaste

Magazines

Telephone cards

We *strongly* encourage counties to promote this service project county-wide, not just with county 4-H Congress delegations.
