Safety Protocols for Archery Jamboree

April 15-17, 2021 at Hyder Burks Main Arena and Outside, Cookeville

1. Every person at the event will be required to wear a mask. Proper PPE will be provided to all staff and volunteers, and hand sanitizer will be available at all fields and indoor ranges. Extra PPE will be available if contestants arrive without what they need.
2. Mask will be required. However, because it is a safety issue, competitors will not be allowed to wear their mask while shooting. When shooting a bow and arrow, the string is anchored on, or near the mouth. If the string was to grip the mask in anyway, it could rip the mask off, possibly causing injury to an ear or the face. Each competitor will remove their mask after arriving at their station, before they start shooting and replace it before leaving the field. They will also replace it at any time they are going to be coming within 6 feet of a coach or range official while on the field. The shooting lanes will be 6 ft. apart.
3. Check in desk will be located outside (weather permitting). Participants will be expected to wait in line at least 6 ft. apart. Only verbal verification should be necessary during check in because all registration information must be handled in SUPER prior to the event.
4. No fees will be taken that day so that will limit contact with participants and the workers.
5. Equipment inspection and weight testing will be done by staff who are wearing gloves and hand sanitizer will be used between each inspection. Only 1 participant will be allowed to present equipment at a time. Depending on number of staff and volunteers available, it is also possible that several equipment check stations may be set up in order to speed the inspection process.
6. Equipment sharing is not usually a problem, however, if equipment is shared, it will be wiped down before use by another person.
7. Each score card will be handled by only one competitor and each person will be given their own pencil, that they keep.
8. We will provide the score card collectors with sanitizing sprays/wipes to wipe off all clipboards after each group is done.
9. Parents and spectators will watch from the bleachers, their car, or near the field where their participant is shooting. They will maintain the 6 ft social distancing rules and will only be allowed in the area where their participant is currently shooting.
10. The signing off on scores will all be done visually and verbally on the field. As opposed to a signature required on the score sheet.
11. Volunteers and staff picking up scoresheets will be required to use gloves.
12. All targets and range equipment will be wiped down and sanitized between individuals.
13. The area used for verifying and inputting scores will be blocked off in order to help maintain social distance between workers and everyone else.
14. Participants will be rotated through the different stages and locations of the competition in order to mitigate interaction between groups.
15. No paper scores or numbers will be posted. Scores will be posted digitally after the match is complete.
16. All results will be posted digitally and awards will be sent by mail.
