

Photography & Digital Media

Did you know...

This project is for 4-H members who are interested in learning about cameras, photography, and other types of digital media. Learn about videography, creating presentations, and posting on social media platforms.

What can I do...

- Give a demonstration to your 4-H club on the different types of cameras
- Enter a picture in the state 4-H Photo Contest
- Assist your county Communications Ambassador by taking photos

Check this out...

This activity gives you a glimpse of what this project is about. Can you identify some of the common terms used when working with cameras?

Aperture
Bulb
Digital
Exposure

Focus

Future Thoughts...

What kind of career would someone in the Photography and Digital Media project pursue?

- Fashion Photographer
- Wedding Photographer
- News Anchor
- Work in a Recording Studio
- Radio Station Spokesperson

Do you know what all of these professions do in their job? If not, do some research and dig a little deeper.

Work on this...

Different people like different cameras, and usually for different reasons. What is your favorite type of camera to use? Do some research on what products Canon, Nikon, and other brands offer to see which one fits your lifestyle the best. Or do you just rather taking pictures with your phone?

Share your findings with your family and friends or give a demonstration on the different types of cameras in the market.

What's Next?

Contact your local 4-H Agent on other ways you can get involved with this project and with 4-H.

- Ask about taking pictures at local 4-H events
- Join or start a 4-H Photography Club
- Apply to be a Communications Ambassador in 9th grade
- Participate in 4-H summer camp and help take photos of the fun activities
- Start preparing to submit a portfolio in this project area
- Begin taking action photos of you doing activities in this project area
