

## What Are We Doing:

In our Creative Arts and Design Virtual Project Group (CAD VPG), we will be building and collecting elements to create a handmade junk journal. We continue this journey in March with washi tape – a decorative, low-tack masking tape made from rice paper and used by mixed media artists to add texture and unique design elements to junk journals and other art projects. Here's the outline:

### Agenda:

- Welcome and Overview
- Art History: What is Washi Paper and Tape?
- Activity: Making Washi Tape with Masking Tape and Surgical Tape
- Demonstration Video: 10 Unique Ways to Make Washi Tape
- Demonstration: Tea Bags and Rust
- Next Steps: Hunting and Gathering
- Preview of April 2025 Meeting
- The 4-H Project e-Portfolio
- Creative Challenges

## Supplies:

Just a reminder – You do NOT have to have any or all of the supplies. Use what you already have at home! If you have none of the supplies, you can still watch and learn. I watch lots and lots of art videos and take a lot of online classes – and not make anything. I'm just learning too! Please don't let the supply list intimidate you! That is not its purpose!!!
